

PERFECT FOR
 processions, pageants,
 small church services,
 (sports) events,
 guided tours
 and many more

ZP-SLIM SERIES

Professional equipment with digital amplifier, wireless microphone system, MP3 player etc.

- WIRELESS TECHNOLOGY**
- LIGHT WEIGHT**
- 6 HOURS OF OPERATION**
- AUDIO PLAYER MODULE**

Procession systems with 40 W or 60 W sinus (depending on the model), digital T-Class amplifiers, wireless system, USB/SD player with BT receiver, charger, carrying strap and pouch.

The **ZP-SLIM** procession systems are flexible mobile PA systems that convince the user with their powerful voice and music transmission, their attractive appearance and their electronic and mechanical design.

The systems can be used as mobile devices or as a stationary sound system (for example as background music player in the church).

In combination with the included NiMH battery pack, the systems allow an operating time of about 6 hours.

Complete SET

The scope of delivery includes a complete mobile system (scope varies depending on the model):

- Battery & charger
- 1' or 2'' wireless receiver(s)
- 1' or 2'' wireless hand microphone(s)
- Carrying strap & carrying bag
- Device description

The procession systems have two separate power channels (2 x 20 W sinus or 2 x 30 W sinus depending on the model) based on the digital CLASS-T amplifiers. Using high-quality, high-performance neodymium 3.3" speaker chassis provides excellent sound in both speech and music.

Models

ZP-40 SLIM/1 (SET) .. Procession syst./ 1 x wireless syst.
 Digital AMP 2 x 20 W, 1 x wireless receiver, 1 x wireless microphone, 4 x neod. speak.

ZP-40 SLIM/2 (SET) .. Procession syst. / 2 x wireless syst.
 Digital AMP 2 x 20 W, 2 x wireless receivers, 2 x wireless microphones, 4 x neod. speak.

ZP-43 SLIM/2 (SET) .. Procession syst. / 2 x wireless syst.
 Digital AMP 2 x 30 W, 2 x wireless receivers, 2 x wireless microphones, 6 x neod. speak.

Specials

- Wireless technology (2-channel)
- Very easy operation
- Flexible use: Mobile or as a stationary sound system in the church
- Excellent voice reproduction
- Powerful music playback
- Low weight
- Play module with BT receiver: Transfer and play music wirelessly. Supports all Bluetooth enabled devices.
- Player module with USB port or SD card
- Front and rear sonication possible: Speaker rotatable up to 180°
- Numerous accessories (tripod, headset, lavalier microphone, matching bag and much more)

Fig.: ZP-40 SLIM / 2 - The perfect mobile sound system for long-lasting processions

The upper loudspeakers can be rotated up to 180° and enable front and rear sound. The systems are thus ideal for elongated processions.

The built-in playback module with BT receiver (player for USB sticks, SD memory cards and for audio transmission using all common Bluetooth-enabled devices) will optimally accompany you during the operation.

The ZP-SLIM procession systems impress with their very easy and extremely user-friendly operation, the huge amplifier power (40 or 60 W) and their low weight (about 5.5 kg).

Accessories

- ZP-BMH Microphone neck bracket
- WS-1GBP-L Bodypack with lavalier microph.
- WS-1GBP-H Bodypack with headset microphone
- ZP-ST Tripod
- ZP-TA Water repellent bag

Fig.: The upper speakers can be rotated steplessly up to 180°

Simple data transfer

Total freedom of movement:

The built-in playback module with BT receiver (including IR remote control) supports all popular Bluetooth-enabled devices and allows you to wirelessly transfer music or pre-made texts from your mobile phone, PC or MP3 player to the procession system and play it.

Inputs for a USB stick and a SD memory card are available.

Technical Details	ZP-40SLIM/1 (SET)	ZP-40SLIM/2 (SET)	ZP-43SLIM/2 (SET)
Output	2 x 20W sine (40W)		2 x 30W sine (60W)
Amplifier	2-channel digital class T		
Equalization	1 x LF/HF filter wireless receiver, 1 x LF/HF filter in the system		
Volume control	1 x for the wireless system, 1 x for the system		
Speaker	4 x 3.5" broadband, neodymium; swiveling		6 x 3.5" broadband, neodymium; swiveling
Frequency response	100 Hz to 18 kHz [+/-2 dB]		
Sound pressure	98 dBA value @1W/1mtr.		99 dBA value @1W/1mtr.
Audio inputs	1 x USB player, 1 x SD- player, 1 x mic on jack, 1 x LINE on RCA, + 1 x wireless receiver		
Audio outputs	1 x LINE on XLR		
Remote Control	IR system for SD / USB players		
Antenna	screwable outdoor antenna		
Battery technology	Nickel-Metal Hydride Accumulators (NiMH)		
Charge	about 10 hours [automatic]		
Uptime	about 5-6 hours		
Wireless technology	1 x UHF receiver, 1 x UHF hand microphone	2 x UHF receivers, 2 x UHF hams microphones	
Reception Mode	UHF toll free		
Range [system]	100 meters	150 meters	
Range [radio]	70 meters		
Power supply	24VDC external power supply		
Tripod flange	yes, with 35 mm bore		
Material	ALU powder-coated		
Mass	about 5 kg with batteries		
Holder	Shoulder strap		
Dimension	140 cm length		162 cm length
